At the hour THE LEDGER went to press Mr. Ryan's attorney had not made up his mind as to whether he would allow his client to accompany the officials without extradition papers from Acting Governor Beekham.

This formality, however, would only delay matters a day or two, as there can be no doubt but what the Kentucky authorities would accede to the request of the Governor of Ohio.

Without any definite statement upon that point, from what THE LEDGER can learn it is the consensus of opinion that Mr. Ryan, alias Sullivan, will have little difficulty in clearing himself of the trouble.

A Minister's Good Work.
"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power of Emporia, Kas. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor, who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off for long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not get relief, but he took no more and was entirely cured." For sale by J. Jas. Wood & Son, Druggists.

Among the papers brought by them was the indictment by the Grand Jury of Franklin county charging Ryan with the murder of Napoleon Seavers January 15th, 1890.
